12 JUN 1961

MEMORANDUM FOR: Deputy Director (Plans)

SUBJECT: Acquisition of Maritime Equipment

1. This memorandum requests the approval of the DD/P for the expenditure of funds for the acquisition of maritime materiel. Such request is contained in paragraph 4.

2. The CA Staff has been in consultation with appropriate officers of the OTR and of WH with regard to determining whether or not there might be any surplus maritime equipment left over from JMARC which could be made available for use by OTR for training purposes at [redacted]. These discussions have indicated that practically nothing will be available except for the three LCU's. We have been informally discussing with the DOD the possibility of the Navy transporting the LCU's by LSD to the [redacted]. [redacted] The possibility exists that such transport can be arranged at little or no cost to the Agency. It is tentatively considered that 1 or 2 of the LCU's will be kept in operational condition and the others cannibalized for spares.

3. In addition, a listing has been prepared of maritime equipment which will be required for maritime training at [redacted] of even a most modest scale. Attached herewith is a listing of such equipment which represents a total acquisition cost of approximately \$43,926. The CA Staff has FY 1961 funds available for such acquisition.

4. It is recommended that the DD/P approve the expenditure of \$43,926 as outlined above for the procurement of maritime materiel.

[redacted]

Chief  
Covert Action Staff

The recommendation in paragraph 4 is approved:

[redacted]

Deputy Director  
(Plans)

Date

14 JUN 1961
